

Counties with New Loans Impacted by the Pandemic

April 24, 2020

If you are trying to purchase or refinance a property in a county that has been impacted by the pandemic, Mr. Cooper may not be able to process, close and fund the loan application in a timely manner. This is because business closures in impacted counties are currently impeding our ability to secure essential services, such as obtaining clear title or an appraisal on the property.

Due to these delays and restrictions, applying for a refinance or purchase loan at a later date may allow for faster processing and closing times.

Please check the list below (updated daily) to view currently impacted counties by state:
